

Dallas County Gas Field and Oil Well Accident Attorney

I have represented dozens of victims of gas well blowouts and recovered millions for my clients' injuries and property damage, including a massive sour gas well blowout.

I know the complexities of these serious cases and am well equipped to handle them. Based in Dallas and serving clients across the state of Texas, I am dedicated to helping seriously injured workers and the surviving families left behind as the result of oil or gas explosions.

I have a record of excellence in complex personal injury cases and use my own resources to bring in highly regarded experts, conduct thorough investigations and research novel legal issues. I offer informed and compassionate legal counsel after an oil-and-gas related accident, no matter how serious or complex the issues involved.

Each accident is different. I represent the victims of well site injuries as well as those who have experienced injuries in oil rig accidents, on pipelines, or in the transportation of oil and gas. Many of my clients were injured due to many diverse factors:

- Chemical leaks and spills
- Water contamination, often related to underground storage tank (UST) leaks
- Land contamination
- Explosions
- Uncontrolled burning/fire
- Well drilling or servicing
- Work rig collapses
- Falls from rigs and equipment
- Equipment failures and defective products
- Frac mishaps
- Well blowouts
- Explosions and fires

I am AV-rated under Martindale-Hubbell's peer review rating system and am a member of the Million Dollar Advocates Forum, an elite group of trial lawyers made up of 1 percent of attorneys who have recovered million- or multimillion-dollar jury verdicts for their clients. While there is no way to predict the future, taking effective legal action can be the best way to move forward and reclaim your life.

Contact a Dallas Oil Well Injury Lawyer

To talk with me about your gas or oil well injury case, call my Dallas law offices at 214-505-0097 or contact me online. Consultations with a Dallas County oil or gas field accident attorney are free and confidential. I handle these types of cases on a contingent fee basis, meaning you owe me no legal fees or expenses unless I obtain a recovery for you.

*CV, BV, and AV are registered certification marks of Reed Elsevier Properties Inc., used in accordance with the Martindale-Hubbell certification procedures, standards, and policies.

Martindale-Hubbell is the facilitator of a peer review rating process. Ratings reflect the confidential opinions of members of the Bar and the judiciary. Martindale-Hubbell ratings fall into two categories - legal ability and general ethical standards.
